PROFESSIONAL EXPERIENCE

Developer

TEAM: VIBE

May 2020 -Present

Designed a chat app using android, to build an effective medium of communication between specially-abled DeafBlind people and their caregivers. Using firebase in the backend to provide real-time communication.

Data Collection

TEAM: NIRMAAN

Nov 2019 -Present

Designed a fully-functional soil-monitoring system using AI, IoT to track various soil parameters, weather conditions, etc. to help in maintaining soil health. Deployed its prototype in the form of a REST API to efficiently scale on demand & managed the project's daily progress.

EDUCATION

B.Tech in Computer Science and Engineering

SAMRAT ASHOK TECHNOLOGICAL INSTITUTE, VIDISHA

2017-2021

AISSCE in PCM

SHRI GUJARATI SAMAJ A.M.N, VIJAY NAGAR, INDORE

2015-2017

TOP SKILLS

Data Visualization

Supervised Learning

Statistics

Pandas & numpy

TOP LANGUAGES

Python

Java

Data Structure & Algorithms

OTHER SKILLS

Android

MySQL

Leadership

Communication

AWARDS & CERTIFICATIONS

IBM Data Science Professional Certificate
